HOW TO ENTER

Complete an official AKC entry form for each dog for each test. Entry forms are located at the end of this premium list. Each dog may only enter once per test. **Enter early, as only 75 entries will be accepted for each test.** Make checks payable to "MGA" in US funds. Please note height of your dog at the withers on your entry form. **DOG must be an AKC registered SIGHTHOUND.**

You may only enter by mailing all of the forms and fees to the Event Secretary or entering online via the Michigan Gazehound Association website, so that it is received by the closing date and time for entries. If your dog becomes lame, sick, or in season prior to the test, do not bring them to the test. Instead, contact the Event Secretary before the start of the tests to cancel your entry, and your entry fee will be destroyed or otherwise refunded. **Entering early is advised, as each test is limited to 75 entries.**

Entries will not be accepted without fees, signatures, or the "Agreement" found on the Official AKC Entry Form. Follow your veterinarian's recommendations to assure that your dogs are free of parasites and any communicable diseases and have appropriate vaccinations.

No entry fees will be refunded if the event cannot be started or completed by reason of riots, civil disturbances, fire, extreme and/or dangerous weather conditions, an act of God, public emergency, act of a public enemy, strikes or any other cause beyond the control of the Club or its members and representatives.

The Event Secretary must have the completed entry form and payment before a dog may be presented for inspection.

Instructions on how to Enter and Pay ONLINE can be found on the Online Entries Page on the Michigan Gazehound Association website: <https://www.michingazehound.com/online-entries>

ROLL CALL & INSPECTION

All dogs must be presented for inspection without tape, bandages, wrapping, or coverings of any kind (e.g., coats and blankets). At least two persons from the Test Committee will inspect each entered dog for lameness, fitness to compete, and female estrus (in season). In their opinion, any entered dog that is found to be lame, unfit to compete, or in season will not be allowed to run. Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are old, have breathing or heart problems, are overweight, or are out of condition may be at greater risk for injury and exhaustion. The entry fee will be refunded for any dog that is not allowed to run by the inspectors. All dogs will be measured, with a wicket, to determine handicap. This measurement is final for this event. Your dog will be inspected and measured before EACH event.

Roll call will open at 1PM. If you do not check in by 4 and roll call by 4:30PM, we will assume you are absent. Any dog that fails to present for inspection prior to the close of roll call and inspection for that time block will be marked absent. No refund will be given for an absent dog.

PADDOCK

It is the intention of the test committee to begin running courses as soon as roll call and inspection begin. When you are ready to run your dog, bring them to the paddock, the assembly area for dogs that have passed inspection and are prepared to run. Dogs may run wearing a

close fitting buckle collar. Choke collars and collars with dangling decoration will not be allowed. Hanging collar tags may be permitted if they are secured tight to the collar, such as by tape. Slip leads can be used if the owner desires.

The Paddock Master determines the order in which dogs run. After passing inspection, you must check in with the Paddock Master to ensure that your dog has been placed in the running order. In general, the Paddock Master will identify the next available dog based on the order in which they checked in to the paddock. In particular, preference may be given to a dog that is running its first test of the day over a dog that is running its second test of the day. If a dog is not present when it is called to run its test, the dog's name will be moved to the end of the running order. After roll call and inspection closes, any entered dog that has not yet tested and is not present within 5 minutes of completion of the last course will be marked absent and no refund will be given.

RUNNING THE COURSE

Each dog runs by itself and only one time in each testing event. They chase lures made of plastic strips that, by string and pulleys, follow a course in a field. Exhibitors must provide two handlers, one to release the dog in the start area and one to retrieve the dog in the finish area.

The Huntmaster is responsible for field safety and, therefore, is in complete charge of the dog and handlers on the field. In service to this responsibility, the Huntmaster has the authority to stop the lure at any potentially dangerous situation and signal the handlers to retrieve their dog. The handlers should retrieve their dog promptly at the end of the course. Listen to the Huntmaster and follow their instructions promptly and swiftly.

Handlers are not permitted to run with a dog, whether inside or outside of the course, and must remain either at the start or finish area of the course, except, if necessary, to retrieve their dog. Also, handlers must refrain from using devices as enticements while a dog is running the course. **You may not enter the start area with your dog until your catch handler is in the finish area.**

The FastCAT is a timed test. Light curtain timing equipment will be used at both the start and finish lines of the course. MGA reserves the right to use stopwatches in the event that the timing equipment malfunctions.

For the safety of the dog and as a courtesy to other exhibitors, your dog should have a reliable recall. A penalty of \$5.00 may be assessed for any dog causing an excessive delay of the event, because it cannot be recalled or retrieved from the field. Dogs that delay the event because they cannot be recalled may be refused entry at future events.

AKC TITLES

The dog's time is converted to mile per hour by formula and adjusted by a height handicap to determine a point score. Three titles will be awarded for dogs as they accumulate points in Fast Coursing Ability Test events. These are suffix titles that will appear on a dog's pedigree with a higher-level title superseding a lower-level title.

FORMULA: $204.545 / \text{RUN TIME} = \text{MPH}$
 $\text{MPH} \times \text{HANDICAP} = \text{POINTS (ROUNDED TO NEAREST 0.01)}$

Based on the dog's size at the withers, a handicap is applied and points are earned:

- 18" or greater = Handicap is 1.0
- 12" up to less than 18" = Handicap is 1.5.
- Below 12" = Handicap is 2.0.

MPH X HANDICAP = POINTS

Titles are earned at specific point levels and the highest suffix may appear after the dog's name:
BCAT = 150 points DCAT = 500 points FCAT = 1,000 points FCAT# = Each additional 500 points
